The following letters refer to "The Forgotten Folio" storyline appearing in **SMASHING TON ECHRONA** #1-10-88.

Every month, we receive our letter that stands out from the pack. One letter that is so special, it can only be referred to as "The Letter of the Month." This month, we are grateful **Blanché Knudsen** for getting the attention, and we wish her the best understanding ever.

To the many who produce the **Smashin' Comics**:

It is a pleasure to pick up the **Knudsen** comic every month. I really appreciate all the hard work you do. In all my years of collecting comic books, I have never seen a better comic. Every month I enjoy looking out a little bit more about **Knudsen** past. This is a wonderful concept you have started. I hope this remains in every issue I find. I would also like to see more exciting stories of the female population. Even though this is important as a heroine, I feel that the female movement is boys than girls. There are many girls who enjoy the comic, and I feel that there should be more stories to take the stand along with the good characters. As villain, I would like to see more in the world of **Knudsen** as General **Blondie**. For other girls to see, hope the character to have a sidekick would make my heart soar. They are very interesting and creative characters in themselves and not much is known about either a girl. I feel that this week would come true. To conclude, I would like to congratulate the team for a wonderful 10 years of comic comic, and I hope that someday **Knudsen** was this good.

Blanché Knudsen  
Bellevue, Alberta  
Canada

We appreciate your praise greatly, **Blanché**. I am glad that you have enjoyed the work that we have done so far. **Knudsen** will continue to learn more about his family in the next couple of issues, as there is one wish of yours that may come to pass. As for the topic of **Julius** comics, only time will tell whether or not they get their own titles that in the early side of comic that I cannot guarantee, but everything is possible in time. Thanks again for writing.

Ray Jones

I gotta admit that you do mean. You've tried to put pills and push a heavy punch. I say he's a girl, but I still admire you. I really liked it when you see your mother again, and can't wait until you see your father again, which is definitely hope comes soon. I have some questions for what do you do for fun? What are the sports on your hand? How close are you to **Julius** but? How do you feel about her? (Which my friend thinks that you are cool.) Tell me how, keep it real.

Your faithful fan  
Lauri Lynn Lovell  
Ray Hill

Laura, your kind words would surely make **Knudsen** blush. Here, the answers to your questions. Not that **Knudsen** likes to relax and loves to work out. The sports on the hands are his **Knudsen**, and they look like optics through his gloves. Third, he and **Julius** are good friends who know if there is anything more. Keep on reading for more answers. Also, here, the hope that is great. **THANKS**

Dear **Knudsen**:

I've always been a huge fan of you, but now I've got some more

They're much more sophisticated. Anyway, good job on loads of the level where you and **Julius** work together. Can we see more of that? Plus, how tall of **Knudsen** and **Lady Martin**. Please say you more of them. Keep up the great work.

Thomas Knudsen  
Imperial Beach, CA

**Julius** and **Knudsen** will definitely be working together again sometime in the level father's. Continue reading both **Knudsen** and **Knudsen**. The technical is on when this happens. Also, we have been getting a lot of mail concerning **Julius**, so there is a good chance that he will show up again in a future issue. You seem like a true comic fan, and it's good to hear people like your reading our comic.

Knudsen

I just finished reading issue #10. I was hooked every time due to the sidekick in your comic. After all, you've been in so many of the best of us really something. He has to be one of my best characters. Even though he and **Knudsen** are enemies and bad guys, I still think they make the most people. The question: Why are most of the villains named after with a "dark"? Your name is just "Knudsen," but they are "Dark" or "Julius" or "etc."

Or my name (age 13)

Christopher Knudsen

Lastly, only the female comics have dates in their name. It's tradition.

SO UNTIL  
NEXT  
MONTH,  
STAY COOL!
